## Global Issues: Pollution

## **Geo Journal**

For the next two days list ALL items you discard. For example, if you throw away/recycle a water bottle, write it down, etc... Once you create your list, rate the items 1-10 for how often they are discarded (1 = least, 10 = most). For example, if you throw away an egg carton, rate how often you think others in the class threw away an egg carton.

	Day	/ 1			
ITEM	RATING	ITEM	RATING	ITEM	RATING

	Day 2 -			_	
ITEM	RATING	ITEM	RATING	ITEM	RATING

Geo J	ournal Reflection: Answer in complete sentences
1.	What items did you throw away most? Least?
2.	Do you think your "throw away" habits are similar to others in your class? Town? State? Explain?
3.	What are some ways to reduce the amount of items that become trash for you? Your family? Your classmates? Your school?
