

Inherited vs. Acquired Traits Activity Reflection

Answer the following questions about the Narfs activity. Each response **MUST be a MINIMUM of ONE paragraph in length.** USE EXAMPLES FROM THE ACTIVITY.

1. Thinking about the Narfs activity, how did your inherited traits affect your ability to survive each situation? How did your acquired traits affect your ability to survive?
2. How does this activity relate to our ability to function/navigate through life (remember... we are thinking about inherited vs. acquired traits)?
3. Do our inherited traits or our acquired traits play more of a role in our ability to function/succeed in life? Support and justify your reasoning.
